

# MATCHABLE COMPONENTS FOR HARDWOOD STAIRS

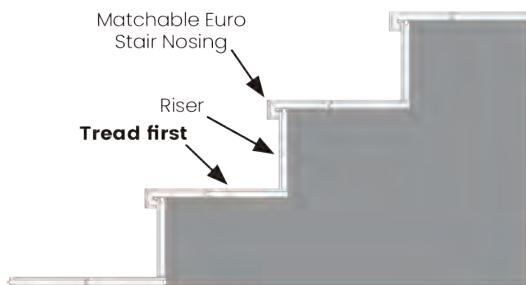

Achieve a flawless, cohesive look with our exclusively crafted contemporary square nosings, treads and riser planks – designed to perfectly match the color, texture and finish of your wood flooring.

## COMPONENTS FOR HARDWOOD STAIRS

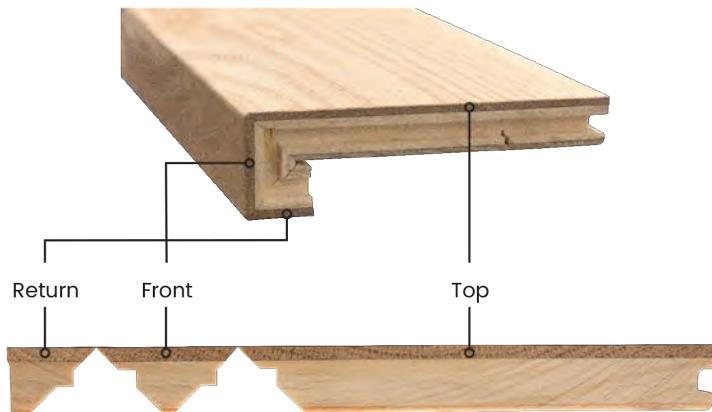

### Installation Option 1: Install Riser first

### Installation Option 2: Install Tread first

Please verify building code requirements in your area.

## CONTEMPORARY EURO STAIR NOSING made from Northern Solid Sawn® floorboards

- Plank thickness: 3/4" (19 mm), with a tongue and groove profile.
- Offered in 2 convenient lengths: 48" and 69", in 5-1/4" width for Oak, White Oak, Maple and Black Walnut. 5" width for Hickory.
- Pairs seamlessly with Matchable Tread and Riser Planks made by Vintage.
- Robust 3-layer construction provides enhanced dimensional stability.

## PREMIUM WOOD STAIR TREAD AND RISER PLANKS

All tread and riser planks are crafted with robust 3/4" (19 mm) thick made from Vintage Northern Solid Sawn® floorboards.

- Available in full-length 48" planks of 7-3/4" width on Oak and White Oak. Special order for all other species.
- Precision-milled tongue and groove configuration guarantees a flawless fit with our premium matchable nosings made with Northern Solid Sawn® floorboards.
