ARTISTRY IN WOOD

COLLECTIONS

VINTAGE HARDWOOD FLOORING

is a proud Canadian manufacturer of premium prefinished hardwood flooring. Our Collections are defined by textures and unique features. Combined with several species, grades and widths from 2 1/4" to 9", thousands of options are available to choose from.

SMOOTH

Vintage's Smooth floors are easier to keep clean due to the small micro-v.

BRUSHED

Wire brushing removes the softer spring grain of the wood, highlighting the natural richness of each species.

SCULPTED

Sculpted floors are a modern variation of textured surfaces, enhancing depth and detail for a sophisticated look.

BLADE

Blade is a blend of circular saw marks, linear bandsaw marks and wire brushing and has a look of an old world floor.

RIFT & QUARTER SAWN

Rift Sawn wood has a linear look and the Quarter Sawn wood has an amazing ribbon-like effect and some flecking. These cuts of wood are combined since they compliment each other to create a beautiful, stable floor.

CHEVRON

Chevron shaped boards are all exactly the same size and shape, and produce a classic V-shaped zig-zag pattern since the sides meet to a point. With these boards many patterns can be created.

HERRINGBONE

Herringbone boards are all the same rectangular size that create the classic geometrical or many other patterns.

EDGESAWN

EdgeSawn showcases 90% bandsaw marks, delivering a bold, design-forward texture that adds depth and tactile appeal.

WOOD SAWING METHODS

PLAIN SAWN

Plain sawn cutting provides traditional wide grain patterns in the wood. This is the most common cut of wood for hardwood flooring.

RIFT & QUARTER SAWN

RIFT SAWN
QUARTER SAWN

Rift and Quarter sawn lumber is produced by cutting the log in a specific way. This form of cutting produces a very clean, straight grained contemporary look and highlights the medullary rays.
