Hand Scraped

COLLECTION

Hand scraped hardwood has a distinct look and old world feel that goes back hundreds of years. Each board of Vintage's hand scraped hardwood flooring is unique, scraped and crafted by hand then stamped on the back by the craftsman. Hand scraped floors tend to require less maintenance than smooth finish floors and help hide everyday wear. They are contoured to accentuate the natural beauty and character of each specie.

Wire Brushed

C O L L E C T I O N

Not to be confused with Hand Scraped floors, Wire Brushed floors are another unique and beautiful option for a textured floor. During manufacturing, these floors go through a rotating wire brush that removes the sapwood or softer spring grain of the wood, highlighting the natural richness of each species. This brushing technique combined with a UV Urethane Oil finish (synthetic oil) is a perfect mix, as the UV Urethane Oil enhances the wood, preserving the natural look and feel of the brushing. These floors tend to hide dents and scratches extremely well and everyday wear is blended in. Wire brushing is very conducive to achieving 2 tone floors, giving you a European style and look.

Classic

Smooth floors have a classic elegance that naturally lends itself to many species. Available in various species, grades, widths and colors, the possibilities are endless.

Fumed

COLLECTION

A beautiful, stable and unique floor which looks a lot like Black Walnut, is created when White Oak goes through a fuming process and brings out the natural tannins of the wood. This process allows the color to penetrate throughout the lamella, therefore, scratches and dents blend in more. Some of Vintage's products such as Excalibur and Spartacus are then stained, creating amazing tones of gray and caramel.

Grades

MORE VARIETY, LONGER LENGTHS, LOCALLY SOURCED

Estate

Estate is Vintage's cleanest and most consistent in color grade. Consists of clear and select boards. Small tight pin knots and natural characteristics allowed.

Select-V

Select-V is a combination of estate and heritage grades, and consists of a blend of heart and sapwood. 1/4" sound filled knots with some voids are allowed. Splits, checks and knots on bevel are not part of this grade.

Character

Unlimited color variation and naturally occurring characteristics. Unlimited sound filled knots (no limitation of size), checks and splits. Some voids are allowed.

Heritage

Consists of mainly common grade boards. Lots of color variation with unlimited knots (2" or larger). Allows for pinholes, checking, worm holes and shorter average lengths. Some voids allowed.

Gloss Levels

ULTRA MATTE TO SEMI-GLOSS, EASY CARE AND MAINTENANCE

SEMI-GLOSS

Traditional Semi-Gloss finish is the most reflective finish and is only offered on smooth surfaces. This gloss tends to be more formal.

Semi-Gloss is offered on all Pioneered®, Crafted® and selected Northern Solid Sawn® products.

PEARL

A modern low gloss finish that helps to hide everyday wear and tear such as scratches and dents.

Pearl is offered on all Pioneered®, Crafted®, Hand Scraped, wide plank Solid Sawn®, Northern Solid Sawn® and U-LOC® products.

ARMOUR-KOTE

Vintage's Semi-Gloss and Pearl comes with 9 coats of polyurethane, with Aluminum Oxide added for strength and durability.

UV URETHANE OIL

A European feel of an oiled finish, without the maintenance. The lowest gloss level is excellent for high traffic areas. UV Urethane Oil (synthetic urethane oil) is standard on Wire Brushed, Etched and several Solid Sawn®, Northern Solid Sawn® & Hand Scraped products.

Vintage's UV Urethane Oil finish (synthetic urethane) uses ground breaking technology to provide a look that mimics oxidative penetrating oil, yet offers some attributes of a urethane finish, with some repair characteristics of an oil finish.
